 11 who is incapable of residing in the individual's own home may apply  
 12 for residential care assistance under this section. The determination of  
 13 eligibility for residential care assistance is the responsibility of the  
 14 division. Except as provided in subsections (f) and (h), an individual is  
 15 eligible for residential care assistance if the division determines that the  
 16 individual:

17 (1) is a recipient of Medicaid or the federal Supplemental Security  
 18 Income program;  
 19 (2) is incapable of residing in the individual's own home because  
 20 of dementia, mental illness, or a physical disability;  
 21 (3) requires a degree of care less than that provided by a health  
 22 care facility licensed under IC 16-28; and  
 23 (4) can be adequately cared for in a residential care setting.

24 (b) Individuals suffering from mental retardation may not be

 26 section.

 32 evaluations in the person's record at the home or facility.

33 If the service coordinator determines the person evaluated under this  
 34 subsection is mentally retarded, the service coordinator may  
 35 recommend an alternative placement for the person.

36 (d) Except as provided in section 5 of this chapter, residential care  
 37 consists of only room, board, and laundry, along with minimal  
 38 administrative direction. State financial assistance may be provided for  
 39 such care in a boarding or residential home of the applicant's choosing  
 40 that is licensed under IC 16-28 or a Christian Science facility listed and  
 41 certified by the Commission for Accreditation of Christian Science  
 42 Nursing Organizations/Facilities, Inc., that meets certain life safety

standards considered necessary by the state fire marshal. Payment for such care shall be made to the provider of the care according to division directives and supervision. The amount of nonmedical assistance to be paid on behalf of a recipient living in a boarding home, residential home, or Christian Science facility shall be based on the daily rate established by the division. The rate for facilities that are referred to in this section and licensed under IC 16-28 may not exceed an upper rate limit established by a rule adopted by the division. The recipient may retain from the recipient's income a personal allowance in an amount to be established by the division, but not less than twenty-eight dollars and fifty cents (\$28.50) or more than thirty-five dollars (\$35) monthly. This amount is exempt from income eligibility consideration by the division and may be exclusively used by the recipient for the recipient's personal needs. However, if the recipient's income is less than the amount of the personal allowance, the division shall pay to the recipient the difference between the amount of the personal allowance and the recipient's income. A reserve or an accumulated balance from such a source, together with other sources, may not be allowed to exceed the state's resource allowance allowed for adults eligible for state supplemental assistance or Medicaid as established by the rules of the office of Medicaid policy and planning.

(e) In addition to the amount that may be retained as a personal allowance under this section, an individual shall be allowed to retain an amount equal to the individual's state and local income tax liability. The amount that may be retained during a month may not exceed one-third ( $1/3$ ) of the individual's state and local income tax liability for the calendar quarter in which that month occurs. This amount is exempt from income eligibility consideration by the division. The amount retained shall be used by the individual to pay any state or local income taxes owed.

(f) The rate of payment to the provider shall be determined in accordance with a prospective prenegotiated payment rate predicated on a reasonable cost related basis, with a growth of profit factor, as determined in accordance with generally accepted accounting principles and methods, and written standards and criteria, as established by the division. The division shall establish an administrative appeal procedure to be followed if rate disagreement occurs if the provider can demonstrate to the division the necessity of costs in excess of the allowed or authorized fee for the specific boarding or residential home. The amount may not exceed the maximum established under subsection (d).

(g) The personal allowance for one (1) month for an individual
